

An example how to look for a partner university for my study programme

International Office, University of Burgundy / [Going abroad](#)

1. Using the search engine, I select my faculty.

Information about application

This portal enables you to search for available exchange possibilities according to selected criteria.

Preselection exchange possibilities - Outgoing - Student

Home institution	UNIVERSITE DE BOURGO ...
Faculty	<-- Select all -->
Type of application	Institut National Supérieur du Professorat et de l'Education (INSPE)

(i)	UFR Sciences et Techniques	Czech Republic	PRAHA	VYSOKA SKOLA CHEMICKO-TECHNOLOGICKÁ V PRAZE	CZ PRAHA01	Chemistry

5. I find detailed information on the cooperation between uB and the partner university on the information page that opens from the icon:

- who can take part in the exchange (students, interns);
- type of exchange programme (Erasmus+ studies, studies outside Erasmus, France-Quebec programme, double and triple diplomas);
- maximum number of students that can go abroad;
- details on the partner university: country, name, address and website. In some cases I will also find useful documents about the university and application processes as well as uB students' testimonies who carried out their mobility there;
- name of the exchange coordinator who is in charge of selecting which students will go on exchange. I have to contact this person in order to find out about my faculty's internal application deadline for the selection process and what it involves.

Bilateral Agreement data

Type of person	Student
Type of application	Both
Name of program	Study Abroad with Erasmus+
Subject code	13.3 - Chemistry
Total number	1
First cycle/Bachelor/Undergraduate	✗
/Bachelor	
Second cycle/Master/Postgraduate	✓
Third cycle/Phd/Doctoral	✗
Comment
